LET'S TALK ABOUT:

## Purpose

### BIG IDEA

Purpose is the reason for our actions and/or existence. It is what gives us direction in our lives and decisions. Ultimately, our purpose is the why behind what we do. When we lack an understanding of the purpose, we are prone to wander aimlessly or to become frustrated in confusion. However, when we understand the purpose of our existence, we have clarity in where we want to go and what we want to be.

### ACT IT OUT

Whenever you tell your kids to do something, also explain why you want them to do it. For example, giving them chores around the house is wonderful. However, it becomes even more meaningful when you explain to them that it helps develop their sense of responsibility, self-discipline, work ethic, and potentially an understanding of earning money.

### CALENDAR YOUR KIDS

Take each of your children out for a one-on-one breakfast. Ask them what they think their skills and natural talents are. Talk to them about what they would like to do with those skills. Find out what your kids are passionate about and what their dreams are. Encourage them to continue to learn how they can use those talents to serve a great purpose.
